ProQuest Content Solutions

Helping every library achieve a world-class collection

In a world where fragmented information threatens academic integrity, ProQuest equips libraries with the most comprehensive, credible and evolving content — bridging gaps across formats, time and perspectives — on a platform built for discovery, accessibility and insight.

With essential content across disciplines and formats, our curated content subscriptions help academic libraries support research and curricula on a broader scale.

Explore this catalog to learn about a variety of new subscriptions that showcase what ProQuest does best:

- Bridge collection gaps so that users can explore the breadth of a topic in one place
- Advance research and learning journeys with unique content and responsible technology
- Help libraries meet users — all users — where they are

"This outstanding one-stop gateway is invaluable, enabling users to find books, journals, videos, [audio], dissertations, and more without having to switch platforms."

Library Journal review of ProQuest One Academic

ProQuest One Academic Premium

One unified experience, four extraordinary resources.

By combining our most used multidisciplinary products on one platform, students, faculty, and researchers can find the essential content they need to be successful in research, teaching and learning.

Included in ProQuest One Academic Premium:

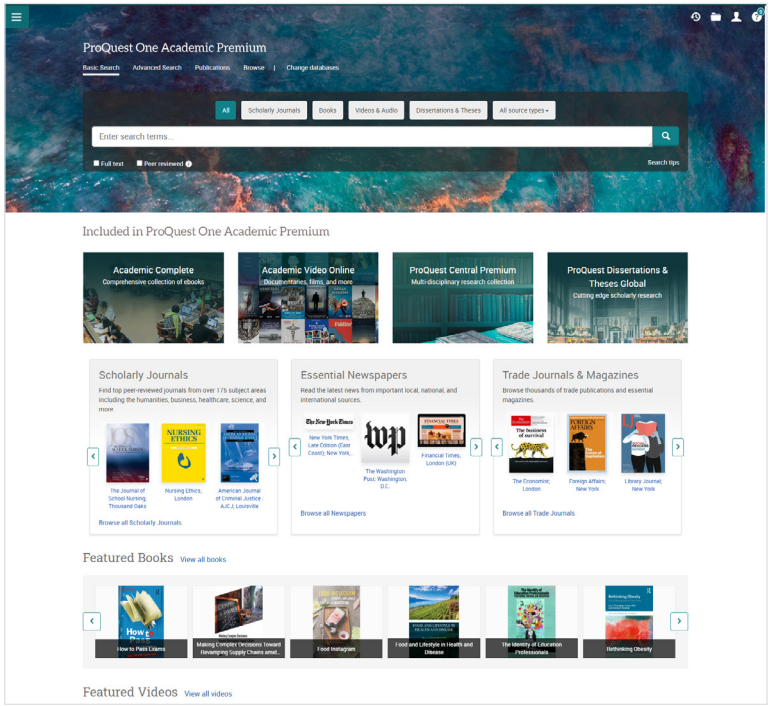

Academic Video Online is a comprehensive streaming video subscription delivering 85,000+ titles spanning from AI to zoology. Curated for the educational experience, the massive depth of content and breadth of content types (i.e., documentaries, films, and demonstrations) make it a useful campus-wide resource, giving libraries a predictable annual cost and high return on investment.

ProQuest Dissertations & Theses Global offers untapped research where users can discover emerging topics, enhance literature reviews, broaden perspectives, and access insights for more successful research. With 6 million metadata records, 4 million in full text, spanning from North America, Europe, Asia, to Africa and beyond, researchers can obtain a global view of the research landscape within a unified search experience not available anywhere else.

Academic Complete delivers multidisciplinary, authoritative ebooks. Its expansive, expertly curated content empowers students and faculty with 245,000+ high-quality titles across disciplines. Academic Complete supports curriculum needs, aligns with graduation trends, and keeps pace with emerging fields. Dedicated in-house librarians continuously add new titles to ensure current, relevant content for your institution.

ProQuest Central Premium provides your entire campus extensive, foundational full-text scholarly content from journals, magazines, news sources, trade publications and more. This dynamic, multidisciplinary resource delivers coverage aligned to discipline-specific curriculum and is enhanced with video, ebooks, A&I resources, and primary sources, making it the ideal resource to support successful research from start to finish.

ProQuest Digital Collections

ProQuest Digital Collections provides discipline-aligned multiformat content and vast primary sources spanning six centuries of essential content to serve researchers and students of all levels. With broad, affordable access of trusted scholarly content, the resource supports history, anthropology, global studies and international relations, literature, and visual and performing arts. Content offers scholars, educators, and students key materials to explore diverse topics and includes archival collections, magazines and periodicals, official publications, manuscripts, musical scores, audio recordings, and video footage, providing both depth and context for research inquiries.

Suitable for both discipline and cross-disciplinary research, ProQuest Digital Collections helps scholars explore interrelated, complex topics such as social movements, global diplomacy, and artistic expression. It includes many rare and exclusive resources, encompassing over 160m primary source items, over 2,500 full text scholarly journals and more than 24,000 video titles. The broad variety of resources supports interdisciplinary educational needs — from scholarly research to classroom assignments, to more experiential learning required within the arts.

News

Global Newsstream Collection is the premier source for contemporary news from around the world, combining ProQuest's U.S., Canadian, and International Newsstream collections.

Researchers gain full-text access to nearly 2,000 sources, including newspapers, newswires, broadcast transcripts, and websites, with an extensive archive reaching back to the 1980s, providing valuable historical context for their research.

ProQuest Historical Newspapers: Global connects today's headlines back to each title's first edition including six regional collections spanning multiple continents. This resource delivers over 200 premier newspapers presented as originally printed from the U.S., Canada, and global regions, giving researchers and students exceptional access to primary sources that cover issues and events as they happened and as they continue to unfold.

ProQuest Government Documents

ProQuest Government Documents offers the largest archive of U.S. and U.K. government documents for libraries from today back to 1660, plus statistical reports from countries and international organizations worldwide. From legal researchers examining legislative intent to policy analysts tracking regulatory changes and scholars studying historical context, this resource transforms complex research through connected primary sources and intuitive discovery tools. While government websites frequently change or remove content, this solution maintains persistent access to official documents.

ProQuest Ebooks

ProQuest Ebooks (PQE) is our most comprehensive scholarly ebook subscription, designed to support research, curricula, and lifelong learning at scale. With over 700,000 ebooks and unlimited user access, ProQuest Ebooks offers a seamless, cost-effective way to deliver a wide range of academic content to students, researchers, and faculty.

This multidisciplinary collection spans core subject areas, trending topics, and emerging research and degree areas, with content from over 4,000 publishers —including University Presses, niche publishers, and international publishers with thousands of non-English titles to support global academic needs.

Curated by in-house librarians and subject matter experts, ProQuest Ebooks is continuously updated based on higher education data, curriculum trends, and community feedback to ensure relevance. It also includes content for workforce development, wellbeing, community engagement, and lifelong learning, helping libraries build collections with social impact.

ProQuest Ebooks is available on Ebook Central, the award-winning platform trusted by students and librarians. Built for security and accessibility, it features a Reader App for secure mobile access anytime. The experience is further enhanced by the Ebook Central Research Assistant, a responsibly developed generative AI tool that helps guide students through their research with confidence.
